## OUR SERVICES

The Firm's philosophy is strongly reflected in the way we practice law. The areas of practice the Firm operates in can be turned into services oriented at satisfying our clients' needs.

**BUSINESS CONSULTING** The Firm advises its clients from the earliest stages of the business operation, by means of legal analyses necessary in order to safeguard clients' interests. In so doing the Firm negotiates and prepares all related contracts and documents. The Firm provides assistance to its customers on an on-going basis supporting them in the management of the day-to-day issues.

**RISK ASSESSMENT AND COMPLIANCE** In the area of Corporate Law, Genesis Avvocati assists companies in creating, verifying and updating Organizing Models aimed at preventing illicit behaviour by managing directors, employees and business partners; the Firm also assists companies in ensuring compliance with all regulations governing the life of the enterprise according to the applicable laws.

**DISTRESSED ASSETS** The extensive experience of our restructuring team on bankruptcy law and its interaction with litigation, corporate and tax law, allows the Firm to provide assistance in the area of insolvency proceedings both supporting companies facing distress, by providing assistance in drafting reorganization and restructuring agreements, and companies interested in investing in the distressed assets field.

**BUSINESS CONSULTING FOR FOREIGN INVESTMENTS** The Firm studies the characteristics of the jurisdiction in which the client has business interests, examines the different types of companies which can be used for the investment the client wants to pursue and investigates the foreign countries tax systems. Upon completion of this research, the Firm establishes foreign investment scenarios and actions plans that allow the client to decide whether it is convenient to do business there or not.

**SPECIALIST SERVICES** The Firm has developed over the years a significant experience in the assistance to entities subject to special regulations such as banking companies, finance companies and multi-utilities providing legal advice also in extraordinary transactions involving these entities.
